### **Stoughton Utilities Awards Public Power Scholarship**

Stoughton Utilities recently awarded a \$1,000 scholarship to Stoughton Class of 2020 graduate Gabriel Dickens. Mr. Dickens was selected to receive the utility's Public Power Scholarship based on his essay submission about energy conservation and sustainability in Stoughton. He plans to attend UW – Stevens Point and will pursue a degree in Chemistry with a focus on environmental related issues.

“The scholarship program is a way for our locally owned, not-for-profit utility to invest back into the community,” says Stoughton Utilities Director Jill Weiss. “We are very pleased to be able to reward the accomplishments of Stoughton’s youth, and provide them with support as they pursue further educational opportunities.”

Stoughton Utilities congratulates Mr. Dickens and the entire Stoughton High School graduating class of 2020.
